RECRUITING

Use these tools to recruit your dream team!

GETTING STARTED

SETTING UP YOUR TEAM FUNDRAISING PAGE

When you register and create a team for The Walk for Hunger, you're the team captain! That means you have access to your personal fundraiser, team fundraiser, AND your team roster— don't forget to say "hey" to all your teammates!

Need support accessing your fundraising page? [Click here](#). Once you're ready, here are some tips for how to communicate with your network to drive the biggest impact.

SET YOUR TEAM GOAL

Setting a goal for your fundraiser is your first step. We suggest a minimum fundraising goal of \$250 for individuals and for teams. But don't let that stop you from aiming higher! Remember to increase your fundraising goal whenever you reach 100%.

PRO TIP

To jumpstart your fundraising, be the first one to donate! Showcasing that you're not only a supporter but also a donor will encourage your network to give.

TELL YOUR STORY

More than anything, your friends, coworkers, and family want to support you! Your story is the first thing people will see when visiting your fundraising page, so your goal is to make it as impactful as possible. It's important to communicate how our mission to end hunger in Massachusetts is meaningful to you, why your team is participating in The Walk for Hunger, and why you've decided to fundraise in support of this cause. Don't hesitate to pull at their heartstrings; people are more likely to give if there's an emotional connection!

COMMUNICATING WITH YOUR COMPANY

Just like your fundraising communications, write your recruitment communications in your own voice. Here are additional things to consider including in your communications to your colleagues:

Highlight how your company and team will be participating in The Walk for Hunger:

- Will you be Walking on Boston Common?
- Are you going to Walk Your Own Way and host an alternative event? Where and what will it be and how are people invited to participate?
- Are people's family members encouraged to join the team too?

If your company is doing something special to support the employees participating in The Walk, be sure to highlight in your recruitment outreach:

- Sponsoring The Walk
- Making a donation to the team
- Matching employee fundraising
- Or anything else to support employee participation!!

FUNDRAISING

Use these tools to crush your fundraising goal!

GETTING STARTED

SETTING UP YOUR PERSONAL FUNDRAISING PAGE

When you register for The Walk for Hunger, you'll receive your own personalized fundraising page. Need support accessing your fundraising page? [Click here](#). Once you're ready, here are some tips for how to communicate with your network to drive the biggest impact.

SET YOUR GOAL

Setting a goal for your fundraiser is your first step. We suggest individuals get started with a goal of \$250. Once you've reached your goal, you can always increase it and raise more funds!

PRO TIP

To jumpstart your fundraising, be the first one to donate! Showcasing that you're not only a supporter but also a donor will encourage your network to give.

TELL YOUR STORY

More than anything, your friends, coworkers, and family want to support you! Your story is the first thing people will see when visiting your fundraising page, so your goal is to make it as impactful as possible. It's important to communicate how our mission to end hunger in Massachusetts is meaningful to you, why you are participating in The Walk for Hunger, and why you've decided to fundraise in support of this cause. Don't hesitate to pull at their heartstrings; people are more likely to give if there's an emotional connection!

FUNDRAISING BEST PRACTICES

Fundraising leverages the power of your social network to raise crucial funds that help move us closer to our goal of ending hunger in Massachusetts. The success of your fundraising efforts depends heavily on the amount and ways that you're sharing your efforts with friends, family, and colleagues. Social media, email, and text messaging are some of the best ways to get your efforts noticed.

WHAT'S THE BEST WAY TO SHARE?

Sharing your fundraising efforts via your Facebook, Instagram, or LinkedIn, in addition to your own personal contact list, is the best way to get people involved and excited. Leveraging these networks is how you'll meet—and hopefully exceed—your goal. You won't have the phone number of all of your network contacts, but choose a few that you know will respond well to a more intimate request: text messaging. Don't inflict a group text on these people; take the time to send individual (copied and pasted) texts to each one. Consider starting with the last 10 people you've texted!

PRO TIP

Get personal and select a handful of your closest family and friends to reach out to as you start fundraising. Close friends and family are more likely to donate, so getting them on board will let the rest of your network see that people are already supporting the cause.

COMMUNICATING WITH YOUR NETWORK

There are five key times you should aim to communicate with your network while fundraising to support The Walk for Hunger:

- Fundraising launch
- Reminder post-launch
- Midway goal
- Final push
- Fundraising goal reached and thank you!

We recommend maintaining momentum between each of these main milestone communications with a few social media posts and emails or texts to help keep your efforts top of mind!

PRO TIP

Write your fundraising communications in your own voice. Your outreach can be as formal or informal as you like. These messages are from you, so let your personality shine through!

READY, SET, FUNDRAISE

Now that you've got all the fundraising tips and best practices, it's time to put them into action with confidence!

To make your fundraising efforts as easy as possible, we've included sample messages you can use to reach out to your network. Just copy, paste, and start fundraising!

Every dollar you raise helps provide nutritious food for those in need—let's do this together!
